Hey Don,

Unfortunately the valet ordinance won't affect this situation. I remember working on this issue about a year ago and want to find my notes on it. Let's connect after T-Day and figure out what we can do w all those annoying vans.

Will this Ordinance resolve the rental van parking / storage problem we are experiencing on Sepulveda Eastway? You are probably in the best position to address that question with the appropriate City staff.

If not this ordinance, how should we seek to remedy the monopolization of on-street parking by a single under parked rental car business? (This is behind the rental can businesses located south of Westchester Parkway.)

Thanks Nate.

**ROSENDAHL URGES CONSTITUENT PARTICIPATION IN VALET PARKING PERMIT PROPOSAL**

*Proposed Valet Parking Permit Program Eyes December Calendar for Council Discussion*

LOS ANGELES - A proposed program to better protect the consumer and regulate valet parking made a quick stop in committee last week before members voted to send the item to the full City Council for discussion -- as early as December.

The City Council's Public Safety Committee heard the report on the proposed Valet Parking Permit Program, which could have a tremendous impact on dining and entertainment destinations in the 11th Council District.

"Valet Parking is an issue that continues to present challenges to communities and business operators all over the City," said Rosendahl. "I hope that you can take the time to review the report and provide your input to the City Council - either in person or in writing."

**Councilmember Bill Rosendahl said this matter is tentatively scheduled to be heard during the first two weeks of December, 3rd Floor Council Chambers at City Hall, located at 200 North Spring Street, Los Angeles, 90012.**

Linda Lucks, president of the Venice Neighborhood Council, said she heard about news of the event from her . Lucks suggest that all neighborhood councils should have the opportunity to weigh in from their positions of leadership within the City.

"We all want an effective and needed ordinance to regulate valets," said Lucks. "I believe those of us in communities with similar problems would like time to review the draft and add our voices to the proposed ordinance before it is passed and enacted, as it will affect all parts of the City."

The Councilmember encourages all CD11 Neighborhood Councils and community groups to learn more about this issue and add the item to your Neighborhood Council agendas.

The report and accompanying file can be found at the following [link](#).

Meanwhile, Rosendahl said he will look to hear from his local Neighborhood Councils and business leaders first on how this will impact them before he will officially weigh in.
